

Angel's Awesome Books Launches Four New Educational Products for Children with Special Needs

A Collection Designed to Empower, Educate, and Enhance Sensory Development for Special Needs Children

PHILADELPHIA - Feb. 18, 2025 - [PRLog](#) -- Angel's Awesome Books is proud to introduce four new products designed specifically for children with autism and learning disabilities. These tools are carefully crafted to enhance confidence, cognitive development, sensory engagement, and a love for learning.

Parents and educators can now access the following innovative resources:

1. Positive Affirmation Journal for Children

This interactive journal helps children build self-esteem and emotional resilience through daily positive affirmations, creative expression, and goal-setting activities. Designed for children with autism and special needs, it encourages structured routines while fostering a positive mindset.

Key Benefits:

- Reinforces self-confidence with daily affirmations
- Includes creative drawing and writing space
- Supports emotional development and self-awareness

2. Organic Shea Butter for Kids

This 100 percent organic skincare product is designed to nourish sensitive skin while providing sensory engagement. Infused with calming essential oils like lavender and chamomile, it supports relaxation and

helps children with sensory sensitivities establish comforting routines.

Key Benefits:

- Safe and gentle for all skin types
- Calming essential oils promotes relaxation
- Encourages self-soothing sensory routines

3. Numbers and Shapes Book & Flash Cards

This educational tool is designed for early learners, including children with dyslexia or autism. It promotes cognitive development, focus, and early math readiness through clear visuals, structured repetition, and simple instructions.

Key Benefits:

- Encourages shape and number recognition
- Supports visual and sensory learning
- Portable and durable for learning on the go

4. Educational Puzzles for Children

These puzzles enhance cognitive, motor, and problem-solving skills through engaging, hands-on activities. Ideal for children with autism or sensory processing needs, the puzzles promote focus, patience, and learning through structured play.

Key Benefits:

- Improves fine motor and hand-eye coordination
- Introduces colors, shapes, and time recognition
- Encourages engagement without overstimulation
